Dear Lee family,

I will design the bedroom. There is a wardrobe in the bedroom. You can put away all your clothes. There is a desk next to it. You can do homework and send emails. There is a large computer on the desk. You can download games and play. There is a television in front of the bed. You can watch TV on the bed too. There is an XBOX under the bed. You can pick it up and play games with XBOX.

Do you like my interesting ideas?
