Subject: Design for the living room

Dear Lee family,

I want to design the living room.

I put a big TV opposite the sofa. Your family can watch TV on the sofa. I put a tall bookshelf next to the sofa. You can sit and read books too.

In the living room, I put a round table with four chairs there. Then your family can eat together. Do you like my design for the living room?

Please let me know soon.

Carlos
