Subject: Design for your bedroom

Dear Lee family,

I want to design the bedroom. For the bedroom, I will put a bed with a fluffy pillow and a soft blanket.

There is a large study table for you to do your homework.

There is a computer on the table for you to send emails. There is a wardrobe next to the table for you to put away your clothes.

Do you like my design for the bedroom?

Please let me know soon.

Venus
