

My Favourite Subjects and Hobbies

3E (4) Ko Mei Yee, Amy

My name is Amy. I would like to share about my favourite subjects and hobbies. My favourite subject is English because I am good at speaking English and reading English books. The other subject that I like most is Maths because I like doing sums and playing Maths games.

In my free time, I like listening to music at home. I listen to music with my mum. We need to use the phone to start the music. We do it together because my mum loves listening to music so she likes listening to music with me. We feel excited. The other hobby that I like most is making crafts. I make crafts at home. I need papers to do it. I like it because I am good at drawing and making art. I feel excited.
