### My Missing Charmander

Charmander got lost in the park when I was playing seesaw in the park yesterday.

My pet, Charmander, is five years old. He has an orange tail and big blue eyes. He is friendly, calm and smart.

He likes eating meat, playing with fire and new games. He can breathe fire. He is fast and he likes adventure trips. He likes going to see new places and exploring new things. He has a broken leg. He climbed up to the cupboard and fell down on the stool accidentally. He was badly hurt.

I like Charmander and miss him so much. If you see him, please call 2109 0328.
