

My Lost Pet

My Missing Kit

Kit is my boy cat. Kit got lost in the gigantic garden on Monday night.

Kit is three years old. He is fluffy and calm. He has big red eyes, huge black ears and a long tail that wags a lot. He has long whiskers, big paws and sharp teeth. He is soft and black. He is naughty and calm. Kit loves to play with people and balls. He also likes to eat ham pizza, bread and peanuts. He is sometimes clever because he will go back to his cage at night. When he gets angry or feels scared, he will bite your fingers and that bite really hurts.

I am very upset and worried. I miss him so much. If you see him, please call 2109 03
