

An Accident

Class P. 4A

Name: Wong Yui Tung, Nikita (21)

I seldom go cycling because I am not good at it. Yesterday, Jamie and I went cycling in Kowloon Park.

There was a slope on the cycle lane. I fell on the ground. I hurt my knee and face. I said, 'Jamie, I hurt my face and knee. It really hurts.' Jamie said, 'Let me see. It hurts so badly.' Then, Jamie called the ambulance and sent me to the hospital.

I was very sad because I could not play for one week. The doctor said that I need to stay in the hospital. Jamie said, 'You should wear a helmet and knee pads next time when you go cycling.' I said, 'Okay.'

This story tells us we should be careful when riding a bike.
