

My Pokemon Pikedex went missing in Pokedex Park last Sunday.

Pikedex is five years old. Pikedex is black and yellow. He has long ears. He has big black eyes. He has a long yellow and brown tail. He has some round brown sports. He likes eating Pokedex biscuits. He is the cutest and friendliest pet in the world.

Pikedex has never been alone, so I feel very upset and worried. Please call me at 1269 4279 if you find him. I reward you \$500 if you find him.
