

School Should Have Longer Recess

Children at school can get a ten-minute recess every day. In my opinion, children should have longer recess time every day.

★ If children have longer recess, they can do a lot of things. During the recess, students need to do homework, play with friends and go to the ground floor to play basketball. There are so many things to do during recess. Therefore, they need long recess time.

♥ Besides, we can go to the washroom, take a nap and go down to the library to read books.

From my point of view, students should have a long recess because they need to do a lot of things during recess.
