

# School Should Have More Pocket Money

5E (13) Leung Tsz Him. Issac

Nowadays, primary students have very little or even no pocket money. In my opinion, students should have more pocket money

★ Firstly, I need more pocket money to buy the stationery I need, for example, pencils, erasers, rulers, mechanical pencils, highlighters etc. They are needed everyday in school. If I have extra stationery, I can give some away.

♥ Secondly, students need more pocket money to buy some snacks or they will be hungry in school. Also, they need money to hangout with their friends sometimes.

In my opinion, students should have more pocket money to buy more stationery and hangout with friends.
