

Celebrating Chinese New Year

by 6C Patrick Lee Pak Ho

Chinese New Year is my favourite festival. On the Chinese New Year's Eve, I went to the flower market with my mum. I bought a mandarin tree at the flower market. There was full of people.

After we went home, we did house cleaning and put up red paper on the wall. The red paper with words written for blessings. At night, we had a reunion dinner with my grandparents. I loved the food because it was very yummy. I was as hungry as a bear!

On the first day of Chinese New Year, I visited my relatives with my family. We also watched the parade and firework displays. The firework displays were so bright and beautiful. We had basin food for dinner. There were different kinds of food in the basin. I like Chinese New Year because I have become rich after Chinese New Year. I got a lot of lucky money from my relatives.
