School Newsletter

September issue

On 10th September, 2023, a terrible drought happened in Kyoto, Japan. It caused great damage to the crops, the land and the people. The victims do not have fresh water to drink and the plants are going to die.

The Volunteer Club in our school is going to hold a walkathon to raise fund for The Salvation Army. It is a charity which helps people in need in Japan.

The walkathon will take place on 20th September, 2023 in Tsim Sha Tsui. The Volunteer Club would like the volunteers to make cookies or cakes to sell after the walkathon. They also need volunteers to design posters and attract people to sign up for the walkathon. If you are interested, please contact Harris in 6C during recess or through email at harris_ha@salbcms.edu.hk.
